Mr. Navneet Goel

Sr. Manager (Strategy Planning & MIS)

IDFC Bank

PGDM Batch 2011-13

“With 2 years of prior work experience and stable job, I was a bit apprehensive joining IMI Bhubaneswar. But with the backing of IMI Delhi, and its long standing association with reputed business houses I have decided to tread this path “Being a new Institute it had its own charm. Students had a lot of involvement in organising events, taking new initiatives, undertaking placement related activities and channelizing efforts towards establishing the institute. This also honed our entrepreneurial skills. The methodology of teaching and the domain knowledge of the faculties acted not only as a catalyst in developing a better understanding of the subjects but also helped us to develop a structured approach towards problem solving” I am sure in time to come the institute will establish itself as “Mecca of Business Education in the country.

PGDM Batch 2012-14

IMI Bhubaneswar, my Alma-mater holds a special place in my heart. Being the second batch of the newly set-up campus in Bhubaneswar of the iconic management school, IMI Delhi. It was my privilege to become a part of the building up of the institution's legacy during its inceptive years. Every time, the very mention of IMI Bhubaneswar inadvertently floods my mind with memories of its sprawling green lawns. The scenic beauty of the campus is simply heartening and fills me with an inexplicable sense of happiness.

I had a very good time at the institution. Learnt a lot from my amazing professors who enthralled me with managerial insights and vast experience they brought in from the industry. I got ample opportunities to incubate entrepreneurial ideas at the campus. I earned a life-time opportunity to learn directly under the Director of my institution, Prof. Ramesh Behl, who is a perfect text-book example of an ideal manager and leader. The lessons I learnt from IMI now help me immensely in my work.

Mr. Rishi Rajeev Jain

PGDM Batch 2016-18

2 years PGDM course at IMIB was instrumental in my overall development.

The pedagogy has helped me to develop an analytical thinking and an intellect to see critical issues holistically.

During the courses, I got various opportunities to develop and present my skills and competencies through various national and international events under the guidance of leading academicians.

The culture of the institute stresses on peer learning and the value of self-reliance. The dynamic environment within the institute has motivated me to constantly introspect and thrive for excellence.

IMI-B follows a Student Driven Model.
