PREPARED BY:

PLACEMENT COMMITTEE

PROFESSOR RAMESH BEHL

**DIRECTOR AND PROFESSOR
IMI BHUBANESWAR**

FOREWORD

IMI Bhubaneswar in its pursuit to offer quality education puts lot of emphasis on on-the-job training in terms of Summer Internships and live projects. Summer Internship program of IMI plays particularly important role in creating leaders of tomorrow. Through this initiative of IMI, student gets a chance to acquire necessary skills required for the real world. Student is also able to apply classroom learning to real life problems, learn from corporate mentors and get clarity about the chosen career during the Summer Internship.

This year, Summer Placements at IMI has witnessed a growth in terms of better profiles & projects across industries and also more number of companies participated in the process, which created more choices for the students. The faith that corporates reinstated on the institution was also exceptional as a larger number of existing and new corporates participated in the campus placement process.

IMI BHUBANESWAR

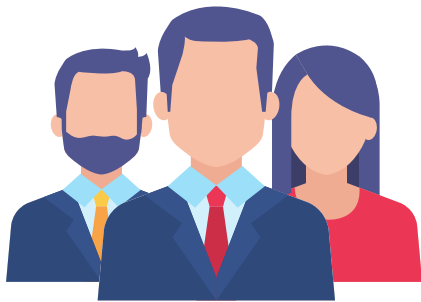

FOREWORD

Every year, students of IMI, Bhubaneswar go to the substantial industry to do a two-month long project during their summer break. This way, the students get a first-hand feel of the industry and the industry also gets to know our students better. Sometimes, the students are offered final placements by the companies in which they are doing their summer internship. So, these students do not have to go through the placement process at all for Final Placement and they get Pre-Placement offers. This year we opened our summer placements for the companies a little later than usual and has received an exceptionally good response from the industry. Despite the pandemic, we are proud to announce that we have completed placing our students as summer intern in various prestigious organizations.
