**Dear Students,**

In order to help you grow academically, socially and professionally, we have instituted a mentoring programme. Each student has been allocated a faculty mentor, who will guide the student through his/her personal and professional life. It is a learning partnership where faculty will share their knowledge, skill set, and perspective to provide guidance and feedback while facilitating the personal growth and development of the student.

Following is the list of the Mentors and their respective mentees:

During this pandemic situation, as the face-to-face conversation with the faculty members are not taking place, this is an endeavour to make you acquainted with your respective faculty members forming relatively smaller groups. This will help make you familiar with the IMI culture beyond the classroom teaching.

**Faculty will schedule a zoom meeting with each of the mentee at least once in a week..**

The student mentee and the faculty mentor can meet as per their mutual convenience and discuss any issue related to career exploration, networking, professional skill building and even the students' personal issues.

Best Regards

**Dr. Sourabh Sharma**
