E-Mail: padmini@imibh.edu.in

Course Introduction: To communicate and develop an understanding of the corporate financial management concepts and their application in real business situations. The focus will be on clear understanding of the criticality of corporate finance for long term sustainability. A clear understanding of implications of financial management decisions on company valuation is essential. This course familiarises the students to the various complexities of corporate finance, agency conflicts and financial planning.

Learning Outcomes: The students should understand and familiarise with:

1. Ability to take capital budgeting decisions.
2. Various aspects of rewarding the shareholders.
3. Basic understanding of finance functions.

Course Pedagogy: The framework of learning will be through classroom lectures, cases and exercises in the class.

Learning Outcome:

LO1: Exposure to basic corporate functions

LO2: Undertake independent evaluation of key financial decisions
Using time value concepts

LO3: Develop an understanding of financial markets and its participants
